***WCH Foundation***

The Washington County  
Hospital (WCH) Foundation  
was incorporated in July of  
1995 with a mission to  
encourage, accept and steward  
all public and private gifts,  
grants and contributions in  
support of the Washington  
County Hospital. It is the  
vision of the WCH Foundation  
to make a difference at  
Washington County Hospital.

The WCH Foundation was  
registered as a separate  
501(c)(3) corporation to accept  
and recognize gifts to the  
hospital. Each and every gift  
has the potential to make a  
difference at Washington  
County Hospital.

## ***Making A Difference***

The WCH Foundation follows a long history of philanthropic commitment at Washington County Hospital.

Every major expansion and construction project that Washington County Hospital has embarked upon has had some type of private donation to assist in the cost - from the campus we reside upon to medical equipment we use every day.

Anyone has the potential to make a difference at Washington County Hospital. For more information about the WCH Foundation, call 319-863-3920.

## ***Planned Giving***

A planned gift is any gift other than an outright gift or cash or appreciated security. Planned gifts can be divided into two general categories-will & bequests and income producing gifts. They can be immediate or deferred.

Planned gifts can be structured to benefit you, your family and Washington County Hospital and Clincis.

Some of the benefits include: avoiding or deferring income tax, providing a lifetime of income and making a large investment in your community without jeopardizing your financial stability.

It is important that any planned giving be done properly, professionally and legally.

Please consult an experienced attorney for assistance with the process.
